

Petit Frère

Petit Frère is a surprising duo, of both rivals and accomplices. It is the quiet sibling to some more outspoken designs from the Plain Form catalogue. Distilled from these sources, namely Grandmaster for the Narrow cuts and Nostra Sett for the Wide, Petit Frère proposes the two extremes of a centerless design space, two takes on the sans-serif genre meant to complement each other.

Collectively known as the Wachowskis, the sisters have worked as a writing and directing team through most of their careers. They made their directing debut in 1996 with *Bound*, and achieved fame with their second film *The Matrix* (1999), a major box office success for which they won the Saturn Award for Best Director. Since the series finale of *Sense8*, the Wachowskis have been working separately on different projects: Lilly directed, wrote, and executive-produced several episodes of *Showtime's Work in Progress* (2019) with creators Abby McEnany and Tim Mason, while Lana filmed *The Matrix Resurrections*, written with Mitchell and Aleksandar Hemon, which was

On December 17, 1903, brothers Orville and Wilbur Wright became the first people to successfully fly an airplane just outside of Kitty Hawk, North Carolina. Previously, the brothers spent years in their shop where they worked on machinery like printing presses, bicycles, and motors. That experience brought them together to change history.

Their work with bicycles, in particular, influenced their belief that an unstable vehicle such as a flying machine could be controlled and balanced with practice. This was a trend, as many other aviation pioneers were also dedicated cyclists and involved in the bicycle business in various ways. From 1900 until their first powered flights

Williams has also won 14 major women's doubles titles, all with her sister Venus, and the pair are unbeaten in Grand Slam doubles finals. This includes a Grand Slam between the 2009 Wimbledon Championships and the 2010 French Open, which granted the sisters the doubles world No. 1 ranking. They have won three Olympic gold medals in women's doubles.

They are the most recent women to simultaneously hold all four major singles titles (2002–03 and 2014–15), and the most recent women to win the Surface Slam (major titles on hard, clay and grass courts in the same calendar year), doing so in 2015. She is also, with Venus, the most recent player to have simultaneously held all four major

STEPPING OUT
As it is (1838)

Among the first American women to act publicly in social reform movements, Sarah Moore Grimké (1792–1873) and Angelina Emily Grimké (1805–1879), known as the Grimké sisters, were ridiculed for their abolitionist activity. They became early activists in the women's rights movement. They were speakers, writers, and educators. They also founded a private school.

Sarah wanted to become a lawyer and follow in her father's footsteps. She studied the books in her father's library constantly, teaching herself geography, history, and mathematics, but her father would not allow her to learn Latin, or go to college with her brother Thomas, who was at Yale Law School. She became a role model to her younger sibling, and the two

Nabil and Tarik Andrieu grew up in the difficult neighbourhood of Les Tarterêts, Corbeil-Essonnes, Île-de-France. Tarik was born on December 26, 1986, and Nabil on April 25, 1989. While comparing their early solo works to PNL, 'Abcdr du Son' editor-in-chief Mehdi Maizi said: "What impressed me was their metamorphosis. It's as if they had passed through a rap laboratory and came out better".

Formed in 2014, PNL released their debut studio album, Le Monde Chico the next year. In 2016, the duo released their second album Dans la légende, which peaked on the French Albums chart and sold over a million copies worldwide. PNL's third album, Deux frères (2019), supported by the number one singles "À l'ammoniaque", "91's" and "Au DD" has also topped the

Charlotte's *Jane Eyre*, Emily's *Wuthering Heights* and Anne's *Agnes Grey* almost didn't find a publisher. The manuscripts were sent back and Charlotte would simply write a new address; she did this a dozen times. Charlotte envisaged a joint publication by the three sisters. Anne was easily won over to the project, and the work was shared, compared, and edited. Once the poems had been chosen, nineteen for Charlotte and twenty

The two Podgórski sisters, Stefania and Helena, lived in Przemyśl alone in an apartment rented by Stefania, who was 17 at the time. She got a job in town as a machine-tool operator. Their father had died in 1938 after an illness.

In order to host the fugitives, the sisters soon rented a detached cottage with two rooms, a kitchen, and an attic on Tatarska Street. After a few weeks, they were completely without money. Stefania started to knit sweaters

The Brothers Grimm (die Gebrüder Grimm), Jacob (1785–1863) and Wilhelm (1786–1859), were German academics, philologists, cultural researchers, lexicographers, and authors who together collected and published folklore.

The rise of romanticism in the 19th century revived interest in traditional folk stories, which to the brothers represented a pure form of national literature and culture. With the goal of
