Licensee's designers, web developers, print shops and other thirdparty contractors are not required to obtain additional

licenses to use the Fonts for performing work for the Licensee. However, the Licensee is responsible for ensuring that such contractors use the Fonts in strict compliance with the terms of the Licensee's license.

The Licensee is legally liable for all consequences related to the use or handling of the obtained Fonts, including any breach of this Agreement, misuse, loss, damage or harm to the Foundry or other parties caused by the Licensee, its employees or any third parties who access the Fonts through the Licensee. It is the Licensee's responsibility to keep the Font files private and secure.

If the Buyer fails to provide satisfactory proof of authorization upon Foundry's request, the Buyer will be deemed the Licensee and will be responsible for complying with this Agreement.

Upon purchase, the Buyer must provide the Foundry with accurate and up-to-date information about both the Licensee (such as the legal name, address, email and website/social media link) and the Buyer (such as the legal name, email and billing details), either through the checkout form on the Foundry's website or via email.

DESKTOP LICENSE

The Desktop License is licensed according to the number of Computers covered by the purchased License.

You can install the fonts on the number of computers for which you purchased a license as long as those computers belong to you.

You can use the fonts for making printed documents, physical objects that are not letter-shaped, visual identities, packaging, POS materials, logos, animations, videos, and PDF files.

If you're creating a logo or something for a third party like a client, they don't need to have their own license unless they are going to actually have the font files on their computer, website, etc.

WEB LICENSE

The Web License is licensed according to the number of Website Visitors covered by the purchased License.

To use the fonts online you can use the webfonts with @font-face on the desired website up to the numbers of visitors for whom you purchased the license. Should the number of visitors exceed the licensed amount, an upgrade to the license must be purchased. The webfonts are provided in WOFF and WOFF2 format. You are not permitted to convert the fonts in any other format. If an alternative format is preferred, please get in contact with Anna.

The Fonts may only be embedded in WOFF or WOFF2 format using the CSS @font-face method unless otherwise authorized by the Foundry in writing.

USE RESTRICTIONS

For clarity, converting, subsetting, re-exporting, modifying, reverse-engineering, decompiling, adapting, or creating derivative font software based on the Font Files is prohibited.

No modifications. You are not allowed to modify the Font files, copy any of their parts into another font file, convert, subset, re-export, reverse-engineer, or otherwise create new or derivative fonts based on the Font files. You may only use the Fonts as is, or contact the Foundry if customization is needed.

Nevertheless, you may modify graphics produced with the Fonts if they are no longer in a typeable font format, such as logotypes, posters, animations, and other graphics.

No redistribution. You may only use the Fonts within your company. Redistribution of the Font files to the public or third parties is not allowed. This includes, but is not limited to reselling, including under a subscription, embedding within open-source software/projects or making the Fonts available for download or access by any third parties.

Nevertheless, you may share the Fonts with third parties working for you within the scope of your purchased license, such as designers, web developers, print shops, and alike, as outlined in the "Licensee" section of this Agreement.

No embedding. You may embed the Fonts into websites only in WOFF2 or WOFF formats and only using the CSS @font-face technique. Other embedding methods are not allowed.

No embedding into editors. This restriction includes, without limitation, website builders, template services, design platforms, SaaS products, graphic editors, and similar systems that allow end users to create customized content using the Fonts.

Comments, messages, and similar texts which users can type, but which do not focus on layout customization or document export, are not deemed an "editor" for this purpose.

No illegal use. It is not allowed to use the Fonts for any illegal purposes. If your activity or content is deemed illegal by any applicable laws or governments, or if we cannot sell you the Fonts due to sanctions, you may not acquire and/or use the Fonts for such purposes.

WARRANTY AND LIMITATION OF LIABILITY

To the fullest extent permitted by applicable law, the Foundry disclaims all warranties, whether express or implied, including warranties of merchantability, fitness for a particular purpose, and non-infringement.

No refunds. Due to the digital nature of the Fonts, the Foundry does not offer refunds. All sales are final.

No guarantee. Each Font is sold as is. The Foundry does not guarantee readability, legibility, completeness, or technical correctness of the Fonts. The Foundry disclaims any liability for any damage or loss caused by your purchase, download, installation, or any other use of the Fonts. If the Foundry, nonetheless, is found liable under mandatory law, its liability shall not exceed the lowest of the price of the corresponding license purchased by the Licensee, or 500 USD. These limitations and exclusion of liability apply to the fullest extent permitted by law.

Support. The Foundry endeavors to keep the Fonts to high technical standards. It may, in good faith, provide customer support and fix issues if it deems it reasonable and possible. Note that some errors may come from your software and hardware, not from the Fonts themselves.

COPYRIGHT

The Fonts, including their design and software, are copyrighted and remain the intellectual property of their authors, the Foundry or its collaborators. The Fonts are protected by trademark and copyright laws and regulations, nationally and internationally.

This Agreement does not alter ownership or transfer copyright in the Fonts to you or any third party. Any rights not explicitly granted herein are reserved.

FONTS IN USE

Upon the Licensee's public use of the Fonts, the Licensee hereby grants the Foundry the right to showcase this usage on the Foundry's website, social media, or other platforms as an example of "fonts in use". If the Licensee believes such a showcase may cause loss, damage, or violate any rights, agreements, or laws, they must inform the

Foundry in advance. The Licensee may also request the removal of such content after publication if any concerns arise. To the fullest extent permitted by law, the Foundry shall not be liable for any loss or damage resulting from the publication unless the Licensee expressly requested its removal in writing and the Foundry failed to act on that request within a reasonable timeframe.

BREACH OF AGREEMENT

If the Licensee exceeds any Licensed Quantity, the Licensee must purchase an appropriate license upgrade within one (1) year of first exceeding the licensed amount. Failure to do so will result in the termination of this Agreement and your potential legal liability.

Any unauthorized access to or use of the Fonts by the Licensee or any third party acting through it constitutes a breach of this Agreement.

In the event of a breach of this Agreement, the Licensee agrees to pay the Foundry liquidated damages amounting to 50% of the price of the required license for the use of the Fonts, but not less than 500 USD. This amount is a reasonable pre-estimate of the potential damages the Foundry may suffer as a result of such breach.

The Licensee is responsible for all costs arising from any dispute or breach of this Agreement and must promptly reimburse the Foundry for all such costs and related expenses.

TERMINATION

You may terminate this Agreement at any time by ceasing all use of the Fonts and permanently deleting them from all devices under your control, including those of your employees and any third parties who have accessed the Fonts through you.

The Foundry may terminate this Agreement if you or any third party acting through you is in breach of its terms. The Foundry may terminate this Agreement immediately and without prior notice if required by law or a governmental authority.

After this Agreement is terminated, you may no longer use the Fonts and must remove them from all devices under your control, including those of your employees and any third parties who have accessed the Fonts through you.

LEGAL PROVISIONS

Entire Agreement. This Agreement constitutes the complete agreement between the parties and supersedes all prior agreements, understandings, representations, and communications relating to its subject matter.

No Waiver. Failure by the Foundry to enforce any provision of this Agreement shall not constitute a waiver of that provision or any other rights.

Severability. If any provision of this Agreement is found to be invalid or unenforceable, the remaining provisions shall continue in full force and effect.

This document contains the entire agreement relating to its subject matter and replaces any prior agreements or understandings. No modification of this agreement will be valid or enforceable unless there's a written contract signed by Anna Khorash. If Anna waives a right, that does not mean it is waived for the future. If any part of this agreement is found void or unenforceable, it will not affect the rest of the agreement.

GOVERNING LAW AND JURISDICTION

This agreement is governed by the laws of The Netherlands and any disputes or legal proceedings will be handled entirely in The Hague.
